

BRITISH TELECOMMUNICATIONS ENGINEERING

INDEX

VOLUME 10
(April 1991–January 1992)

including
TELECOMMUNICATIONS ENGINEERING: A Structured Information Programme
Issues 1–3

(Units from the *Structured Information Programme* are indicated by 'S' followed by the Chapter and Unit numbers.)

A

Access Network, Fibre in the 40
Access Network in a Changing Environment, Planning the 8
Access Network, Local Network Resource Plan—The Introduction of Total Quality in the Local 59
Access Network Management, Local 211
Access Network, Radio in the 34
Access Network, Special Issue on the Introduction 2
Access Network, Towards a Hassle-Free 66
ADAMS, P. F., and LISLE, P. H. Exploiting the Copper Network 26
Adaptive Quality Management Systems 343
Alarm Management 218
ALLEN, P. A., and LISLE, P. H. Planning the Access Network in a Changing Environment 8
ALLEN, P. A. Special Issue on the Access Network Introduction 2
AMBLER, H. G., SCOBIE, C. H., and BALDWIN, V. W. Switch Management: The Operations and Maintenance Centre 187
Architecture for SDH, Defining Network 116
Architectures?, Why Standards and S14.1
ASHTON, D. J., MUIR, M., CLOW, D. G., and THOMAS, J. D. Digging up the Roads—Providing BT's Duct Network 20
Assessment Tools, Performance 235
Automated Line Testing for the BT Repair Service 75
Awards for Volume 9, Journal 164

B

BALCER, W. R. Equipment for SDH Networks 126
BALDWIN, V. W., AMBLER, H. G., and SCOBIE, C. H. Switch Management: The Operations and Maintenance Centre 187
Basic Network Planning S12.1
BATEMAN, J. Network Structure S9.1
BATY, R. M. Data and Configuration Management 230
BEALING, A. C., and CLARK, G. S. BT's Energy Use 311
BEALING, A. C., and MARTIN, P. K. Keeping Account of BT's Energy Use by Means of a Personal Computer ... 318
Beyond the Second-Generation Mobile Radio Systems 326
BLAKE, I. F., VANNER, N. J., FALCONER, J. R., HEMMINGS, C. P., and POTTS, S. Automated Line Testing for the BT Repair Service 75
BT Network Traffic Management System: A Window on the Network, The 222
BT News 349
BT People Overseas, The Global Challenge: 286
BT's Energy Use 311
BUTTLE, J., and HUISH, P. Radio in the Access Network 34

C

Cables, Deutsche Bundespost Telekom Network: Current and Future Requirements for Copper and Optical-Fibre . 96
CARTWRIGHT, R. An Introduction to Process Management .. S4.1
CCITT Synchronous Digital Hierarchy: Introduction and Overview, The New 104
Charging Database, National 250
CHIA, S. T. S. Beyond the Second-Generation Mobile Radio Systems 326
CHIA, S. T. S. Delay and Echo Control in Third-Generation Mobile Systems 147
CLARK, G. S., and BEALING, A. C. BT's Energy Use 311
CLAYDON, B. A. Electronic Document Retrieval System ... 260
CLOW, D. G., THOMAS, J. D., ASHTON, D. J., and MUIR, M. Digging up the Roads—Providing BT's Duct Network . 20
Code Change, Development of the National 303
Code Change, Implementing the National 306
Configuration Management, Data and 230
Congress, 30th European Telecommunications 278
COOKE, P. J., and SCOTT, R. P. A 29 GHz Radio System for Video Transmission 141
Cooperative Management: The Key to Managing Customer Networks 174
Copper and Optical-Fibre Cables, Deutsche Bundespost Telekom Network: Current and Future Requirements for 96
Copper Network, Exploiting the 26
Cordless Telephony, Martlesham Medal for Excellence in .. 165
CRAMPSEY, D., and FASE, M. L. External Engineering 13

CROFT, A. Implementing the National Code Change 306
Customer Networks, Cooperative Management: The Key to Managing 174
Customer Premises Equipment S11.1

D
Data and Configuration Management 230
Database, National Charging 250
Defining Network Architecture for SDH 116
DE GROOT, P. C., GARRISON, R., and SPECTOR, A. The BT Network Traffic Management System: A Window on the Network 222
Delay and Echo Control in Third-Generation Mobile Systems 147
Deployment of Optical Fibre into Subscriber Networks in Japan 92
Deutsche Bundespost Telekom Network: Current and Future Requirements for Copper and Optical-Fibre Cables 96
Development of the National Code Change 303
Digging up the Roads—Providing BT's Duct Network 20
Distribution Networks in France 160
Document Retrieval System, Electronic 260
Duct Network, Digging up the Roads—Providing BT's ... 20
DUNN, A. G., and INGRAM, A. J. Local Network Resource Plan—The Introduction of Total Quality in the Local Access Network 59

E
EARNSHAW, C. Foreword (Oct. 1991) 167
EARNSHAW, C. The Final Frontier 1
Echo Control in Third-Generation Mobile Systems, Delay and 147
Economy, Telecommunications and the World S3.1
Electronic Document Retrieval System 260
Energy Overview 310
Energy Use, BT's 311
Energy Use by Means of a Personal Computer, Keeping Account of BT's 318
Equipment for SDH Networks 126
European Telecommunications Congress, 30th 278
Exploiting the Copper Network 26
External Engineering 13

F
FALCONER, J. R., HEMMINGS, C. P., POTTS, S., BLAKE, I. F., and VANNER, N. J. Automated Line Testing for the BT Repair Service 75
FASE, M. L., and CRAMPSEY, D. External Engineering 13
Fibre Cables, Deutsche Bundespost Telekom Network: Current and Future Requirements for Copper and Optical- . 96
Fibre in the Access Network 40
Fibre in the Loop, The United Kingdom Trial of 48
Fibre into Subscriber Networks in Japan, Deployment of Optical 92
Fibre Network, Heathrow Airport Optical- 153
Final Frontier, The 1
FITCHETT, T. A., and REEVE, M. H. Future Challenges for Network Management 271
Flexibility, Managing SDH Network 131
France, Distribution Networks in 160
FREUDENSPRUNG, D., and MIDDEL, H. Deutsche Bundespost Telekom Network: Current and Future Requirements for Copper and Optical-Fibre Cables 96
Future Challenges for Network Management 271
